

## BASIC AUTOCAD 2D TRAINING

### Participants prerequisite

- ≡ Good computer knowledge (general CAD knowledge is an advantage)

### Seminar content

- ≡ Introduction to the AutoCAD user interface
- ≡ Drawing functions and precise drawing
- ≡ Define and modify properties of objects
- ≡ Application of the layer technology
- ≡ Working with blocks and define simple blocks
- ≡ Verifiable calculations labeling and dimensioning
- ≡ Create layout
- ≡ Tips and tricks for AutoCAD

### Target Group

- ≡ Architects(m/f)
- ≡ Designers
- ≡ Engineers (m/f)
- ≡ Technician (m/f)
- ≡ Draftsman (m/f)
- ≡ Technical Illustrator (m/f)

### Software used in course

- ≡ AutoCAD

### Seminar duration

- ≡ 4 Days

### Number of participants

4-10

### Seminar times

9 – 16 h

**FOR FURTHER INFORMATIONS OR DATES PLEASE CALL OR WRITE US**  
**TEL: 0221 301 613 26 ----- [INFO@ARTECH-CONSULTING.DE](mailto:INFO@ARTECH-CONSULTING.DE)**

## ADVANCED AUTOCAD 2D TRAINING

### Participants prerequisite

- ≡ Basic knowledge of AutoCAD

### Seminar content

- ≡ commands for advanced
- ≡ Generating dynamic blocks
- ≡ Setting up of blocks with attributes
- ≡ Working with external references
- ≡ Deep insight of the layout area and plotting
- ≡ Practical exercises

### Target Group

- ≡ Architects(m/f)
- ≡ Designers
- ≡ Engineers (m/f)
- ≡ Technician (m/f)
- ≡ Draftsman (m/f)
- ≡ Technical Illustrator (m/f)

### Software used in course

- ≡ AutoCAD

### Seminar duration

- ≡ 3 Days

### Number of participants

4-10

### Seminar times

9 – 16 h
